

The four seasons

Autumn

Leaves
change colour
and fall.
Harvest time
is in autumn.

Winter

The coldest
time of the
year. Some
animals
hibernate.

Spring

Flowers
begin to
grow. Some
baby animals
are born.

Summer

The hottest
time of the
year. Flowers
and trees are
in full bloom.

Seasonal changes – Year 1

Key vocabulary

Season	Seasons are periods of similar weather. We have 4 seasons.
Autumn	Autumn takes place in: - September - October - November
Winter	Winter takes place in: - December - January - February
Spring	Spring takes place in: - March - April - May
Summer	Summer takes place in: - June - July - August
Weather	This is how sunny, rainy, windy, snowy etc that it is. It changes with the seasons.
sunrise	The time in the morning when the sun first appears in the sky.
sunset	The time in the evening when the sun disappears out of sight in the sky.
