

Head Prefects' Report 2025

During the course of this year, there have been many enjoyable activities for those at Radford Semele. It has been a busy year and one to remember.

In September, the Year 6 class were given an opportunity to apply for a role of responsibility. These included, prefects, sports captains, digital leads, eco committee and school council. Everyone was happy with their roles and took them on well!

This year, the sports captains have been training to be ambassadors and have been running lunchtime games for the younger children. They also helped out on sports day; it was a massive help to Mrs Lyatt who was running the activities. The eco leaders have been working with Mr Watkins on growing different plants and flowers around the school grounds. They did this to improve our school grounds and environment. The prefects have out helped by showing parents (who were interested in sending their children to our school) around school and by running various events such as a Mc Millan coffee evenings for parents. The school has recently got a new 3D printer and the digital leads have been helping to set it up with Mrs Conroy. They also help with the computer at the front of the assembly hall as well as setting up the electrical devices for our lessons.

The school council have been supporting so many charities by conducting cake sales and many other fund-raising activities such as children in need day games and red nose day games.

We also had a super fun World Book Day in which we could come into school dressed as a word of our choice. The options of what you could wear was endless (but it had to represent the word we choose) There was also a book swap shop and everyone was allowed to bring in a book that they did not want anymore and swap it for one that someone else has brought in.

The Y5 Librarians took it in turns to read to the younger years during lunchtime and have set up a new book swap trolley with Mrs Lyatt. Before and after school, we are now allowed to exchange any book we already have and swap it for a book in the trolley. This allows us to change and explore reading genres.

Over the year, we (and the other years) have been lucky enough to have many fun school trips and have exciting visitors come in to help us learn more about our topics. A few of the trips were: The Motor Museum, a Roman fort, The Space Museum and The Black Country Museum. There was an endless number of visitors as well.

This year the Y4 and Y6 classes were given the opportunity to go on a residential! The Y4s went to an adventure park in a place called Viney Hill where they took part in lots of games and activities such as tunnelling and climbing. And the Y6s went on the very exciting London residential. They got to take part in various tours, see a West End Show, stay in a hotel and go on the London Eye.

Parents have of course been involved in many learning celebrations and different meetings. However they have also volunteered in many of the things that the PTA have organised this year (such as movie nights and discos) and we are very grateful for their help and generosity.

Over all this year has been great and all the children have loved it!
